Disability Rights Texas Board of Directors

Disability Rights Texas, the designated Protection and Advocacy (P&A) system for Texans with disabilities, welcomes all applications for its Board of Directors.

Disability Rights Texas Board of Directors value diversity of culture, disability and other life experiences. In order to assure that the Board reflects, to the extent possible, the geographic and ethnic diversity of the State, Disability Rights Texas encourages persons with disabilities, individuals from rural areas, language and ethnic distinct communities, and other traditionally underserved communities to apply for positions to the Board.

Four Board positions are available that offer a three year term of service with the option of a second three year term of service.

Disability Rights Texas Nominations Committee will review all applications, select some candidates for an interview, and make recommendations to the Board of Directors.
